To Data Requests of
FairPoint Communications Inc., Set 1

FP: Labor-40: Please refer to Dr. Peres's testimony at page 14, lines 5 to 7. Dr. Peres refers to and discusses "600 new operational, support and administrative systems" to be implemented in the NNE region. Please describe Dr. Peres's experience, if any, with operational, support and administrative systems.

Answer:

I have no experience with operational, support and administrative systems. I based my reference to such systems upon FairPoint's testimony and responses in this proceeding and the statements made in FairPoint's various filings with the SEC such as its 10k and S-4 filings.
